

Fusion Design Inc.

Salesforce Project Support Service

As Salesforce as global CRM has been expanding in Japan, the salesforce project is requiring English skill in most project.

However, we Japan have shortage of salesforce experts who can speak English as Solution architect.

Fusion Design is a company for this issue.

We help either clients and salesforce vendors who need English for salesforce projects to implement best practice CRM.

Fusion Design supports following tasks.

- ❖ Meeting attending and being interpreter as solution architect on salesforce project (※)
- (※) We do not do a general English interpreter other than sfdc topics.
- ❖ Documentation for Japan requirement and regular meeting agenda in English
- ❖ Solution advice (This is fit and gap approach based on out of box of sfdc)

Basic Structure
